

PURPOSE

The WTCRTR is a celebration of the lives of those lost on September 11, 2001. This event offers a great opportunity for all people who were affected by the events of 9-11 to come together to remember each victim, while running, or walking, around beautiful Governors Island, in the heart of New York Harbor. Just steps from lower Manhattan, and after a short ferry ride across the harbor, you won't believe you're still in New York City. Come out early and plan to stay for the many different events the day will have to offer.

PERSONALIZED RUNNING BIB

Every participant is able to personalize their bib to identify who they're running, or walking, to remember. (See the sample bib below) The event organizers ask for your participation so there's a runner/walker for each person lost on 9-11. When registering for the event on-line choose from the list of victims, and other personalized information, to design a custom bib of your choice. We will pay tribute to the heroic first responders, while at the same time recognizing that there were many heroes that day, and the days that followed, and each and every victim will be remembered with equal importance.
